

BALANCED ARMS

BALANCED ARMS

Complete range of balanced arms.

Possibility of fixing on:

- 4-wheel trolleys (DM0060 + MU0212 or MU0216)
- universal arm holder for compact machines (DM0065)
- machines with wire feed unit (DM0061)
- support for synergistic machines (DM0066)

All arms can be adjusted up to 2.5 meters length, and are supplied with straps for pipe fixation included. Ideal both for aspiration and standard MIG torches. Recommended with 5 meters long torches.

	CODE			
1	DM0065	Universal arm holder for DM0060		1
2	DM0060	Balanced arm torch holder 2,5m without strut	ASSOCIABLE TO DM0065 - MU0212 - MU0216	1
3	DM0061	Balanced arm torch holder 2,5m trolling	ASSOCIABLE TO WITH DM0066	1
4	DM0066	Arm holder for synergic welding machines		1
5	SPL000370	Belt for torch locking		1
6	SPL000371	Handle for adjustment of the arm length		1
